

MSc Accounting and Finance (Top up)

This fast-track master's will equip you with the skills and knowledge demanded by employers and will give you a competitive edge in your career. This is a top-up master's for holders of a relevant postgraduate, or equivalent qualification. You will get the opportunity to top up your existing qualification to a full MSc degree, by completing research methods and dissertation research, while enhancing your business skills.

This course provides an excellent opportunity for continuing professional development (CPD) for those experienced professional accountants who are wishing to further their career goals. The completion of such a research project can increase your competitive edge and make you more marketable to future employers.

Documents required for enrollment: all in English:

- A copy of the passport or government ID
